MOSER XV Cabernet Merlot Rosé 2016 is an all year Rosé with enough stamina to support nice winter evenings and still maintains the freshness for the summer.

TASTING NOTES by Lenz M. Moser,

Chief Winemaker Chateau Changyu Moser XV:

"With this Rosé from Ningxia I created an own style of Rosé for our château – reminding me of my holidays in Provence/France, enjoying the light hearted and refreshing style of the region's signature wines. The super light colour signals the freshness already, which is confirmed on the palate with its fresh and luscious modern style. Completely unoaked and vinified in stainless steel for extra freshness and kept chilled at every stage of wine making. The "new thing" is the combination of Cabernet Sauvignon and a touch of Merlot: Cabernet brings the raciness, the bon vivant, the spirit lifting element, and the Merlot adds complexity and the smooth elements. The goal, to present a palate grabbing and a "friendly" wine, has been achieved at 100% – friendly in terms of approachability and also in terms of food friendliness.

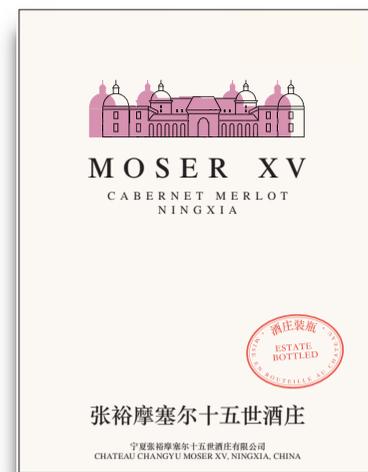

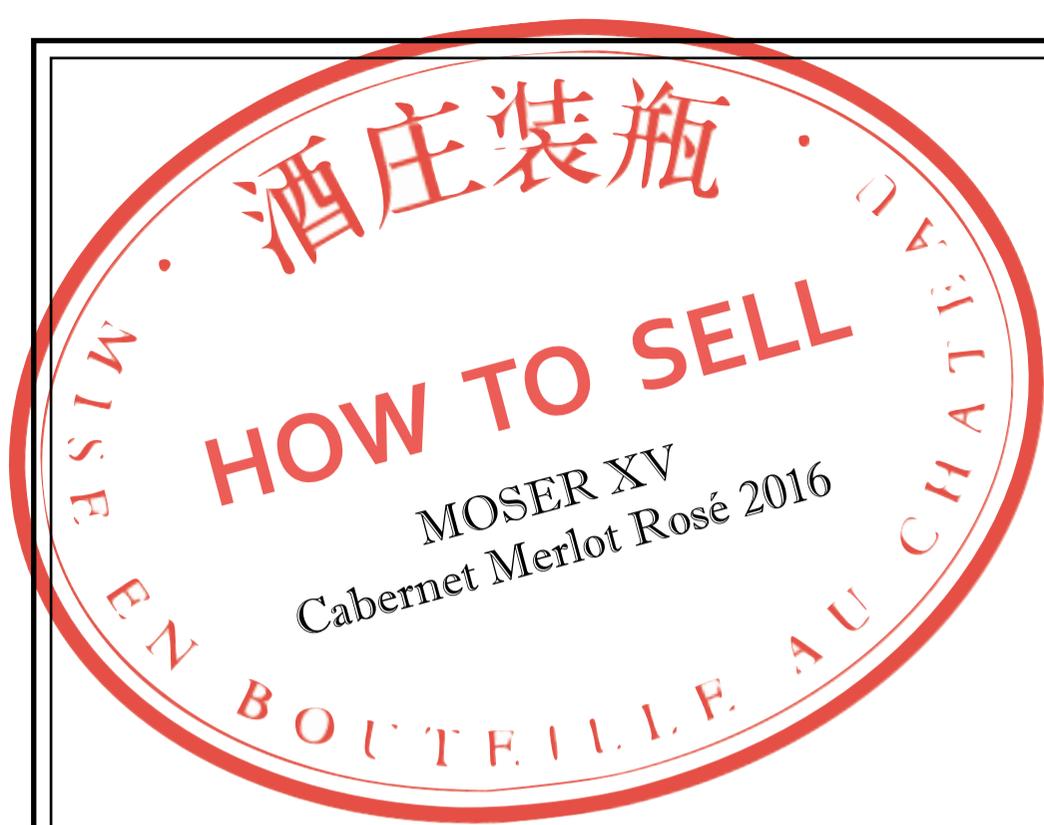

I love Rosé – this one in particular!"

FOOD & WINE PAIRING INSPIRATIONS:

This special Ningxia Rosé is the perfect companion for any kind of food you can think of. You will discover that it is hard to exclude any dishes from being ideal for this Rosé. This is certainly the beauty of this wine: it just fits any occasion, it just fits every food.

HOW TO SELL THIS WINE ?

- MOSER XV 2016, Troisième Vin, is without any doubt **one of the top wines** of Ningxia and of China to raise the bar dramatically for the region's "everyday wines". It definitely stacks up to international standards – stunning price/quality ratio, bang for your buck.
- MOSER XV 2016, Troisième Vin, represents the **latest generation of top wines from China**, is the first available to international markets and represents also **the first credible proposition from China** to the global customer and consumer.
- Especially when you **emphasize the entire brand-architecture of CHATEAU CHANGYU MOSER XV wines** (Grand Vin, Second Vin and the 3 Troisième Vins) it will represent the best from China.
- The competition is 18 months behind, a **first mover advantage** is guaranteed.
- **Estate bottled**, at the château – as all CHATEAU CHANGYU MOSER XV wines.
- Demand and interest for wines from China has been staggering in the past 9 months as Lenz M. Moser has promoted the idea of Ningxia and China globally through his work with international media like NY Times, German ARD prime time TV, China Daily, yet also to opinion molders like Jancis Robinson MW, Kim Marcus (WS), René Gabriel ("German speaking Parker") etc.
- Since MOSER XV Cabernet Merlot Rosé 2016, Troisième Vin, is allocated – only 180,000 bottles produced – please, make sure it gets the right exposure with first movers. An inaugural promotion is mandatory to get attention in the market and from the customer whether it be in on- or in off-trade channels.
